DREAD PARALLEL

Attorney Magee Explains a Philadelphia Railway Notion.

PITTSBURGERS WANT PROTECTION

For Their Street Railway Investments,

New Unconstitutional, BET ONLY QUAKERS FEAR TO COMPETE

So much comment was going the rounds vesterday with regard to Representative Lafferty's legislative bill conferring extra powers upon passenger and traction railway companies, and so many persons were disposed to criticise the anti-parallel clause, that an authoritative statement, as to the exact causes and scope of such a bill, was sought at the hands of F. M. Magee, Esq., who, as a traction railway representative, was known to be familiar with the situation that seemed to require some sort of legisla-tive relief. To a DISPATCH reporter yes-terday, Mr. Magee said that this, or some similar measure, seemed to be absolutely necessary to protect passenger railway companies that were at present acting under laws which the Supreme Court had declared

inoperative. Clearly explaining the mat-ter, Mr. Magee said: "Previous to the adoption of the constitu-tion of 1874, passenger and street railway corporations were governed by, and only op-erated under, special statutes. Now, under an amended constitution, no such special legis-lation can be enacted. Very well. Philadelphia, with her large population and almost overwhelming influence upon all legslation, has heretofore

OPPOSED THE PASSAGE. of a general art to operate in behalf of or upon such corporations. The general laws of 1879-81 were changed by the Philadelphia members of the Legislature so as to confine their provisions to cities of the second and third classes; and it has been under these provisions that the West End, Union, People's Park, Transverse, Second avenue and Allegheny electric railroads in this city and Allegheny were operated.

"Last fall the Supreme Court, in the case of the Wilkinsburg Street Railroad, over which a car was never run—a little \$200 suit that nobody supposed would ever amount to so much—decided and flatly declared the passenger and street railway acts of 1879-81 unconstitutional, because they were directly in the line of the special legislation torbidden by the constitution of 1874. "As organized under the acts of 1879-81, there are about \$2,000,000 invested in the stock and bonds of street and passenger rail-

ways in Pittsburg and Allegheny. These securities are held by all classes of citizens; and the only way to render them valid would be by the enactment of a general law, authorizing the incorporation and formation of street and passenger railway companies; such act to contain a remedial section by the terms of which companies incorporated under the color of law and having letters patent of the Commonwealth upon which they were actually operating, could, upon the surrender of the same, have

NEW AND VALID CHARTERS. issued by the Governor. They could be rendered valid in no other way; and the main object of the legislation for the incorporation and regulation of passenger rail-ways, now before the Legislature, was to

fleet this result. "The limitation of 1,000 feet regarding parallel lines of new railways was put in by the Philadelphians, who are very largely interested in traction and other passenger railways, and who in fact don't want any legislation at all passed on the subject. It really doesn't and can't affect passenger railways in Pittsburg, because no passenger rail-way could be built in this community, and be made to pay, unless it got into the downtown triangle of the city; and the streets in

that section are all occupied already.

'The object of the Philadelphians in putting in that clause? Well, sir, it is simply to prevent the possibility of further compe-tition by passenger railways in that particular city. It doesn't apply to Pittsburg at all, as I have just shown; nor, indeed, did Pittsburgers desire the limitation. Their primary object was to render valid the investments made in good faith by citizens of this community-nothing more,

nothing less." THEIR SHIP IN PORT.

A Ship Lond of Stone for the Postoffic

Building Arrives. Another section of the new postoffice will arrive in the city in a few days. That s, a ship load of stone from the Maine quarries has arrived in Baltimore. Work on the building is going on rapidly, although to those who have not the opsence it seems that all work upon the build-

SPICED MOUNTAIN CARE.

(A delightful cake.)

To the yolks of five eggs, well beaten, add one cup sugar, one-half cup butter, one-half up sweet milk; one teaspoonful ground nnamon, one grated nutmeg, then whites of two eggs, well beaten, one and a ualf cups flour having in it one measure 'Banner' Baking Powder; bake in jelly-ake pans; when cold spread each layer with in icing made of the whites of three eggs, seaten stiff, and one and a half cups owdered sugar.

The greatest success in baking biscuits, ea rolls, muffins, griddle and fancy cakes, s attained by the use of the old reliable Banner Baking Powder. If there is a serfectly pure, high grade cream-tartar in he market and one that deserves the patonage of a discriminating public the Baner is without doubt such a composition.
t seems to be the height of folly to trifle with health by experimenting with every tew and doubtful baking preparation that omes along, and if you have been per-uaded to test any of these cheap, worthless sowders with poor success, order a pound an of Banner with the Banner recipe book om your grocer and satisfy yourself as to he healthfulness and reliability of one that as been used in thousands of our very best amilies for almost a quarter of a century.

People Who Attach Proper Importance to Dress

and Also Study Business-Like Economy

This week. 'Tis the week for the professional man, the business man, the mechanic, the workingman. 'Tis the week for the masses; the week for the people. Saturday next sees the end of our greatest of all business ventures of giving away free every twentieth sale, no matter what the purchase may be, and altho' we have, since the inauguration of this great and novel plan of ours, given away OVER TWO THOUSAND

PURCHASES, we're willing to make the number

FIVE THOUSAND BY SATURDAY EVENING NEXT. The more the merrier, the greater the number the better we like it. There's no funny business or any "canoodling" about this offer of ours; it is perfectly legitimate and is carried out in the strictest, fairest and most impartial manner. No matter who the man, woman or child is; no matter what the purchase may be, if it be a twentieth sale (if so it will be indicated by the sounding of a gong), the fortunate twentieth purchaser gets purchase money back, goods for nothing, and our congratu-

WE'VE FURTHER IMPORTANT NEWS FOR YOU

lations on being the lucky one.

Again we say, come and see us this week.

WE TAKE STOCK FEBRUARY I. This means what? Why that in order to reduce our stock to the smallest possible dimensions we offer the most phenomenal bargains in Clothing, Hats, Shoes and Furnishing Goods ever seen; name lower prices than ever heard of before and undersell every competing house from 25 to 40 per cent. In doing these things a great concern like ours must of necessity cause much grief and many sorrows among merchants who pin their faith to "shams." Our whole policy is a standing rebuke

to imposition. Let us advise you:

.: BUY THIS WEEK IF YOU'D SAVE BIG MONEY. .: What is more, buy here. Despite what other dealers say it is our business to see that we are not undersold just as much as it is for us to give you goods which are reliable. We fear not hysterical advertisements from competing stores that are run on the "get all you can principle."

KEECHS Mammoth Outfitting Bazaar,
